

Southwest Airlines Stock Clerk Negotiations Update

January 11, 2009

The Teamster negotiation committee met again with the company on January 7, 8, and 9, 2009. We continue to make progress, and we have added Articles 10 and 22 to the noneconomic articles that we have tentatively agreed upon.

The negotiating committee would like to thank the membership for your support during negotiations.

The Section 6 negotiations are scheduled to continue on January 19, 20, 21, February 5, 6, 9, 10, and 11, 2009.
