To: Local 19, US Airways Members
From: Robert (Bob) Clever, Local 19 President
Subject: Future Change In Representation

Dear fellow Brothers and Sisters, it is with great concerns that I am notifying you of a recent development involving your future union representation. This past week, I was notified that the International Brotherhood of Teamsters General President has brokered a new alliance agreement with the Communications Workers Association. This new agreement redraws the representational lines to include several new states including ours.

What does this mean for you? The IBT will continue to represent you until which time a representational vote is finalized for the New American Customer Service and Related employees. The date for the CWA to take over, what was previously Local 19's chartered jurisdiction, was August 1, 2013, **FOR ORGANIZING ONLY**. Speculation is that your representational transfer from the IBT to CWA will occur late next year after the campaign concludes.

Today all I have is speculation as to why this has happened. I have requested a meeting with the IBT General President and await their response. Since I took office, the beginning of this year, I have enjoyed being involved with my members at US Airways and looked forward to our future, making our lives better through our combined efforts. One thing I can assure you is of an open and amicable union transition when the time comes. Until then, as I stated above, Local 19 will continue to represent you.

Thank you,

Bob Clever
